Total Airport Count: **24,393**

Select Airport

Cancel

This dialog allows you to select a specific airport.

Use the button **Reset All** to clear your search and filter input that all airports are listed again.

For your information the total count of all listed airports is displayed at the bottom.

 **Note:** The total count will only include airports that are actually listed based on selected **filter options**, but also active airport/runway restrictions in the **Settings** module.

Search

ICAO Code:

Airport Name:

City:

You can search for an airport by entering the ICAO code, airport name or city.

Filter

The image shows a filter interface with a black background and white text. At the top left, the word "Filter" is written in white. Below it, there are two dropdown menus. The first is labeled "Country:" and has "United States" selected. The second is labeled "City:" and has "San Francisco" selected. Both dropdown menus have a small white triangle pointing downwards on the right side.

Alternatively you can also filter the list by selecting a country or city.
