SELECT AIRPORT

This dialog allows you to select a specific airport.

Use the button `Reset All` to clear your search and filter input that all airports are listed again.

For your information the total count of all airports is displayed at the bottom.

Note: The total count will only include airports that are actually listed based on selected ***filter options***, but also active in the ***Settings*** module.

Search

You can search for an airport by entering the ICAO code, airport name or city.

Filter

Alternatively you can also filter the list by selecting a country or city.
