INTRODUCTION

FS-FlightControl is a touch optimized instructor station for Lockheed Martin Prepar3D® 1.x, 2.x and 3.x as well as Microsoft Flight Simulator X including Steam Edition.

It is used by flight schools and flight simulation centers, but also provided at a greatly reduced price to the flight enthusiast community.

In case you should have any questions about FS-FlightControl, a new idea or you need a specific feature, please do not hesitate to **contact us**.

FS-FlightControl is very actively developed and therefore we really look forward to any comments or new ideas to make our product even better!
